INFIELD Safety

INFIELD Safety is a manufacturer of tailored, high-quality safety spectacles and professional hearing protection devices. Particularly in the provision of safety spectacles for spectacle wearers (prescription safety eyewear) INFIELD Safety now leads the market in Germany. For over 30 years great emphasis has been placed on functionality and design in the manufacture and development of safety spectacles.

INFIELD Safety is a member of the EssilorLuxottica Group, the world market leader for spectacle lenses and frames. In more than 500 production facilities worldwide, over 200,000 employees develop a wide range of products to support, protect and correct the human eye.
